### New York: Zabar's Opens Beer Bar

It's a family affair at Eli Zabar's new industrial-chic beer bar, Eli's Night Shift, where he and his son Oliver are pouring 10 beers on tap from NYC and Long Island. Bartender Nathan Gurr (formerly of [The Handy Liquor Bar](#) in Soho) will be whipping up the cocktail menu, which includes year-round shandies. Bar fare like lamb sliders, BLTs, veal sausages, and pulled pork sandwiches, all made with ingredients from Eli's markets and rooftop greenhouse, will be offered alongside the libations. Night Shift will add to the iconic grocer's empire in New York, which also includes a recently opened wine bar and takeaway shop (Eli's Essentials) and restaurant (Eli's Table). 189 E. 79th St.; [elizabar.com](http://elizabar.com).
